

UGI CORPORATION
CHARTER
of the AUDIT COMMITTEE
of the BOARD OF DIRECTORS

The Board of Directors (the “Board”) of UGI Corporation (the “Company”) has determined that the Audit Committee (the “Committee”) of the Board shall assist the Board in fulfilling certain of the Board’s oversight responsibilities. The Board hereby adopts this charter (the “Charter”) to establish the governing principles of the Committee.

The Scope of the Audit Committee’s Responsibilities

The Committee is to assist the Board in fulfilling its oversight responsibilities:

A. to oversee the quality and integrity of the Company’s financial statements and related disclosure and the adequacy of the Company’s accounting and auditing processes, disclosure controls and procedures and internal control over financial reporting;

B. to become knowledgeable about and to review the Company’s compliance with applicable legal and regulatory requirements;

C. to monitor the qualifications, independence and performance of the Company’s independent registered public accountants (“Independent Accountants”), the performance of the internal audit function, and the qualifications of the internal audit staff; and

D. to provide a means for open communication among the Company’s Independent Accountants, management, internal audit staff and the Board.

While the Committee has the responsibilities and powers set forth in this Charter, it is not the role or responsibility of the Committee to (i) determine that the Company’s financial statements are complete and accurate or prepared in accordance with generally accepted accounting principles in the United States (“GAAP”) or (ii) assure compliance with applicable laws and regulations and the Company’s codes of conduct. The primary responsibility for these matters rests with the Company’s management. Nor is it the duty of the Committee to plan or conduct audits. The Company’s Independent Accountants are responsible for planning and conducting audits of the financial statements. Therefore, each member of the Committee shall be entitled to rely, to the fullest extent permitted by law, on the integrity of those persons and organizations within and outside the Company from whom he or she receives information and on the accuracy of the financial and other information provided to the Committee by such persons or organizations.

Membership of the Audit Committee

A. The Board shall appoint the members of the Committee at the Board's annual organizational meeting on the recommendation of the Corporate Governance Committee of the Board, and the members shall serve until the next such meeting or until their successors are appointed by the Board. The Board may also fill interim vacancies and remove and replace any member of the Committee at any time. The Board shall designate one member to serve as Chair of the Committee.

B. The Committee shall be composed of not less than three members who are neither officers nor employees of the Company or any of its subsidiaries. The members will be Directors who are free of any relationship that, in the opinion of the Board, would interfere with their exercise of independent judgment as Committee members. All of the members shall meet the independence, financial literacy and other requirements of all applicable rules and regulations of the Securities and Exchange Commission (the "SEC") and of the principal market (i.e., New York Stock Exchange) or transaction reporting system on which the Company's securities are traded or quoted. At least one member of the Committee shall have been designated by the Board as an "audit committee financial expert" under applicable SEC regulations. A Director who is serving on the audit committee of more than three public companies, including the Company, shall not be appointed or reappointed to the Committee unless the Board determines that such simultaneous service would not impair the Director's ability to serve effectively on the Committee.

Meetings of the Audit Committee

The Committee shall hold at least four regular meetings annually and such other meetings as may be called by the Chair of the Committee or at the request of the Company's Independent Accountants, the head of internal audit staff (the "General Auditor") or management. Periodically, the Committee shall meet separately with management, the General Auditor and the Company's Independent Accountants.
